

Beverage Packages

This season, we have two different beverage options for you and your guests – on consumption, or within a beverage package.

We have three five-hour beverage packages and all guests must be on a package if selected. For example, in a twelve-seater area, you cannot have four guests on a beverage package and eight guests on consumption.

Alternatively you can be charged on consumption by choosing a seasonal beverage selection for your corporate facility. An order form can be completed prior, detailing the beverage preference for each game you attend. Please click on the [link](#) to complete and submit a seasonal beverage order.

Please note for Outdoor-Corporate-Boxes, large bottles of spirits are not available to purchase. Please select from our range of RTDs.
